Work Experience

Lead WordPress & Frontend developer

artydevs.com-Remote
March 2022 to January 2025

• Delivered 40+ projects for design and branding agencies, including founder reviews from a #1 Greek agency by Awwwards and from a 2025 Agency of the Year (Greek Communication Design Awards);

• Led frontend and WordPress development using HTML, CSS/SCSS, JavaScript, and PHP.

• Worked closely with creative teams, delivering pixel-perfect results with a strong sense of style and attention to detail.

• Implemented GSAP animation-driven frontend interactions.

• Achieved Google PageSpeed 95+/100 (Performance & Best Practices) and maintained 100% W3C-valid HTML/CSS.

Senior WordPress & Frontend Developer

artydevs.com-Odessa
December 2021 to May 2022

• Developed custom WordPress themes from Figma designs for corporate and branding websites using HTML, CSS/SCSS, JavaScript, and PHP.

• Integrated complex frontend layouts into WordPress using ACF, WooCommerce, and multilingual setups.

• Built animation-driven pages using GSAP and JavaScript with strong attention to detail.

• Ensured cross-browser compatibility and responsive behaviour across modern desktop and mobile browsers.

Mid-level WordPress Developer

epam.com-Kremenchug
April 2020 to April 2022

Here, after freelancing, working in a large company under a mentor, I gained the most experience and developed a vision for high standards and modern technologies. My responsibilities included implementing corporate website designs into code:

• Converted Figma designs into HTML, CSS, SCSS, and JavaScript following BEM methodology.

• Integrated frontend layouts into WordPress using PHP, ACF, WooCommerce, and MySQL.

• Worked on large-scale corporate projects with focus on performance, accessibility, and code quality.

• Collaborated within cross-functional teams following established development standards.

Freelance Wordpress & Frontend developer

Kyiv
January 2017 to January 2021

At 16, finishing a lyceum with a programming focus, I began my freelance path doing HTML-codding and WordPress theme integration:

• Developed custom websites using HTML, CSS, JavaScript, WordPress, and PHP;

• Built and customised WordPress themes;

• Implemented responsive layouts, animations, and basic performance optimisation;

Education

Secondary Education (Computer Science focus) (A Level)

Lyceum named after A.S. Makarenko-Kremenchuk, Ukraine
September 2015 to June 2018

State-funded academic lyceum with selective admission and a strong focus on computer science and mathematics.
